W. C. YOUNGMAN LIMITED,  
WANDSWORTH WORKS, WANDSWORTH ROAD,  
LONDON, S.W.8.

TELEPHONE :

MACAULAY 2233 (7 LINES)

LEDA—personification of beauty in Greek mythology  
—was seen by Jupiter while bathing in the river.  
Captivated by her exquisite beauty he assumed  
the form of a swan in order to admire her without  
causing alarm.

LEDA Furniture and Fittings impart to the Modern  
Bathroom the classical beauty which the name suggests.

# Foreword

IN these enlightened days the Bathroom has assumed a place of far greater importance in the modern home, and so, in consequence, an extensive market has developed for improved fixtures and fittings.

To meet this demand we are now manufacturing a complete new range of goods, and take great pleasure in submitting this catalogue to you.

In producing the LEDA range of Furniture and Fittings for the Modern Bathroom, it has been our aim to present to you the very best quality and workmanship; yet in achieving this object we have constantly borne in mind that price is an all important factor. The Leda Factory has, therefore, been designed, built and equipped for the manufacture of these goods on a scientific and specialist basis. The plant is the latest and most up-to-date in the Trade, and the lay-out the most efficient that experts could devise. In this manner our manufacturing cost has been reduced to a minimum and the economies thus made are reflected in the following pages.

The LEDA range of products upholds that reputation for value and satisfaction which has been synonymous with the name of *YOUNGMAN* since the inception of our business, and we look forward with confidence to a widespread demand for these goods which will equal, if not surpass, the popularity of our *CHALLENGER* equipment.

W. C. YOUNGMAN LIMITED.

## CONDITIONS OF SALE

### PRICES.

Prices quoted in this list are prevailing at the time of issue and are subject to alteration without notice.

### ILLUSTRATIONS.

Illustrations in this catalogue are reproduced from actual photographs without exaggeration of any description. The illustrations, however, are not binding as designs are being constantly brought up to date and may vary in detail from time to time.

### QUOTATIONS.

Any quotations submitted are subject to acceptance within 28 days unless otherwise stipulated.

### ORDERS.

Orders are accepted on the definite understanding that when goods are in the process of manufacture cancellation cannot be accepted.

### DELIVERY DATES.

Whilst every effort is made to conform to stated delivery dates these are given without responsibility on our part.

### CARRIAGE (OTHER THAN HOT WATER TOWEL RAILS).

All goods delivered Carriage Paid London limits. Orders to the value of £10 nett Carriage Paid England or Wales

### CARRIAGE (HOT WATER TOWEL RAILS).

Carriage is paid on orders of three or more Towel Rails, at list prices, for delivery in England, Scotland and Wales. For small quantities each separately wrapped in Hessian, a charge of 9d. per Towel Airer will be made as part cost of this wrapping. In view of the special nature of these goods, the question of carriage on all orders for Towel Rails must be considered quite separate from general orders for other of our manufactures.

### DAMAGE IN TRANSIT.

Customers are urged to carefully examine goods immediately upon arrival, and in the case of damage in transit, they must be signed for accordingly. Furthermore, we must be advised in writing within three days, otherwise Railway Companies will not recognise any claim made after this period. When it is necessary for goods to be returned to us for repair or replacement they must be consigned by the same Railway Company "Carriage Free (Damaged in Transit)".

### NON-ARRIVAL OF GOODS.

An Advice Note is posted separately from the goods upon the date of dispatch. In the case of non-arrival within seven days from the date of this Advice Note we should be notified forthwith.

### RETURNED GOODS

We regret that we cannot dispatch goods on approval owing to the risk of depreciation in transit, nor can we exchange goods for any reason whatsoever when an order has been executed correctly. In any event, we cannot accept goods returned for any reason whatsoever unless we have given our previous consent in writing.

### PACKAGES.

Cases, etc., are charged, and credited in full if returned in good condition, carriage paid, within one month of the invoice date.

### TERMS OF PAYMENT.

Strictly Net Cash Monthly Account.

### CREDIT ACCOUNTS.

Credit Accounts are opened in our ledgers for the convenience of new customers on the basis of two approved trade references which must be submitted with the first order.

### EXPORT TRADE.

Orders under £30 . 0 . 0 net value are "ex Works" carriage and cartage to the Docks at cost. Orders of £30 . 0 . 0 and over are F.O.B. Cases and packing are charged at cost. Terms : Net Cash against Shipping Documents London.

## ELECTRIC TOWEL AIRERS

No. E.L.B. 102

Electric Towel Airers compare very favourably with those served from the ordinary hot water system. No pipe line is required as the heating is effected by immersers. The flexible lead can be connected to wall plug or lamp-holder or can be operated by a switch.

Water Filler, Relief and Water Level Valves are all provided. To operate, fill with water to the water level valve, and then screw the valve tightly. The heat generated by the electric current causes the hot water to circulate by gravity. Water loss is very small and an additional cupful added every few months is usually sufficient.

Size, 36 ins. wide by 36 ins. high.

1 1/4 ins. diameter Solid Drawn Brass Tube  
250 Watt

Consumption approx. 1 unit in four hours.

PRICE £9 15 0 Each

No. E.L.B. 102

Extra for Control Valve (Straight or Angle, Union Pattern or in Tube) Elbow or Straight Unions, SEE PAGE 13.

## G.O.C. TOILET SEATS

The G.O.C. TOILET SEAT is the very acme of perfection and the most outstanding production of its kind. Made of specially selected seasoned Empire timber under the Delaney Patents, incorporating the hidden steel screw, they are practically unbreakable. The perfect finish is achieved by SHEET-KOTE, the highest grade of sheet celluloid, providing a delightful range of plain colours and pearl effects. The Chromium Plated Hinge Fittings are adjustable to all English Pottery, and the replacement of an existing seat with a G.O.C. model can be carried out by anyone in a few minutes.

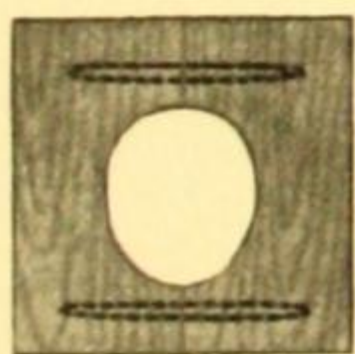

### HIDDEN STEEL SCREW CONSTRUCTION

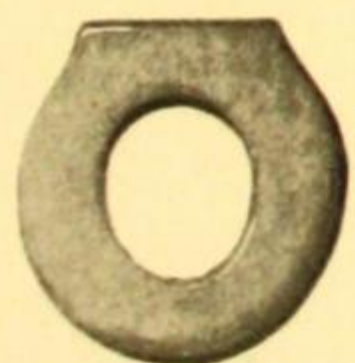

*Two solid blocks of wood are drilled as indicated with hole.*

*Then two  $\frac{3}{8}$ " screws 8" long with right and left threads are inserted in these holes and placed in a hydraulic press.*

*Two blocks have now been brought together under tremendous pressure—the steel screws have actually been screwed into place by means of the left and right threads.*

*When the seat is finished there are no plugs or fillings to mar the appearance.*

### SOME OF THE SALIENT FEATURES OF G.O.C. TOILET SEATS

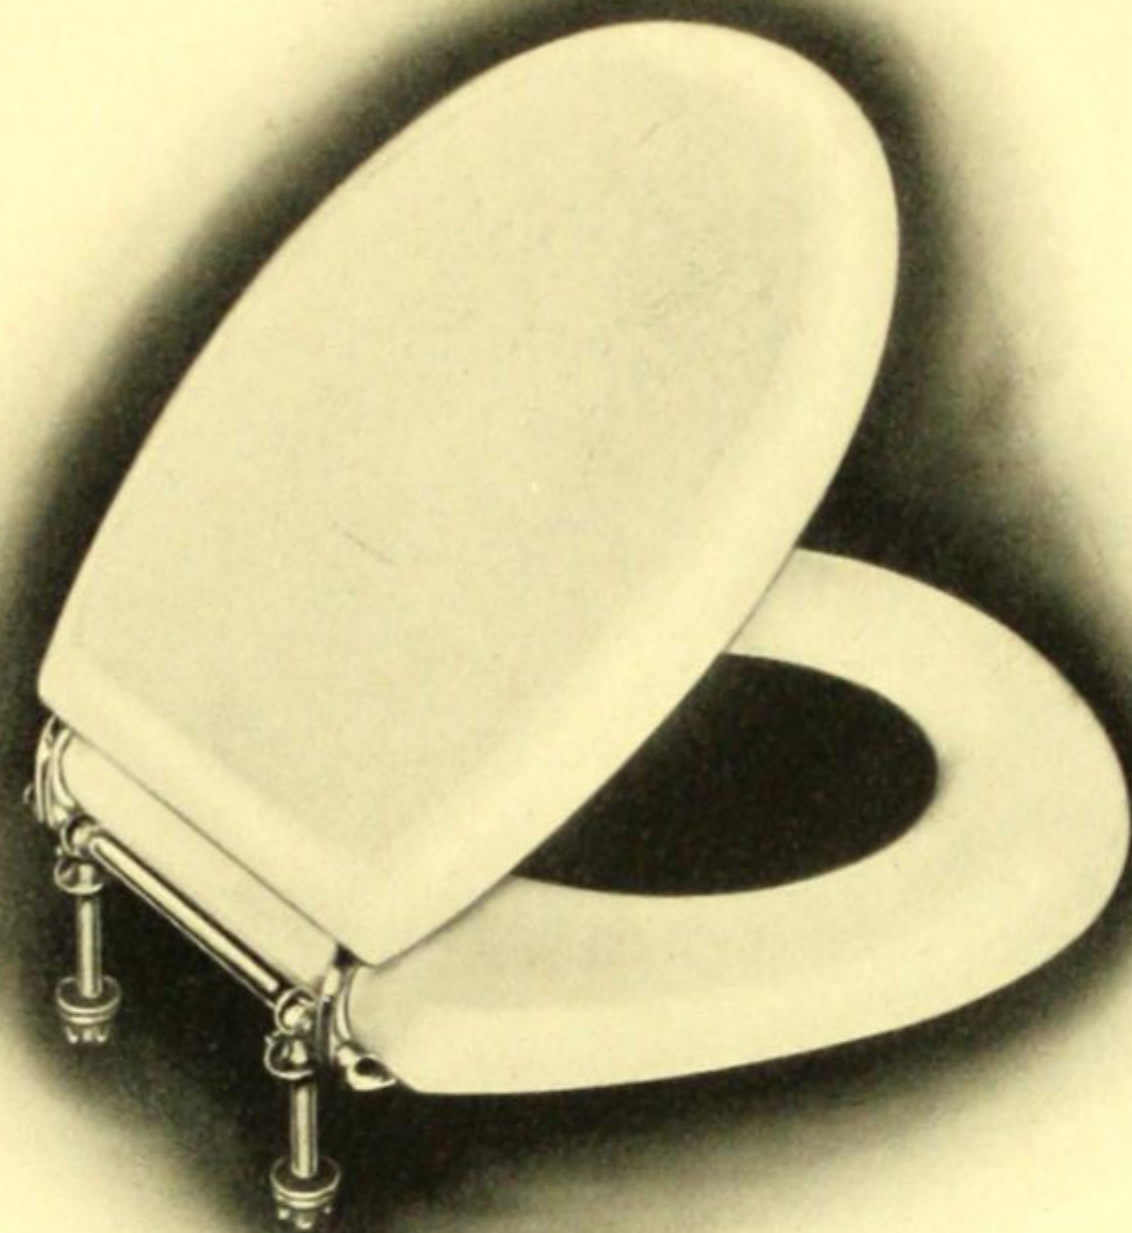

1. Sanitary and Hygienic.
2. Impervious to the action of acid.
3. Unaffected by steam or moisture.
4. Retain colour and lustre indefinitely.
5. Easy to clean.
6. The covering will not crack or flake off.
7. Will not twist or warp.

FULLY GUARANTEED FOR FIVE YEARS
